

# BE A PART OF SHAPING YOUR FUTURE WORKFORCE

## STUDENTS@WORK March 2022

Cabarrus County Schools CTE is striving to partner with our local business community to provide work-based learning opportunities for our middle grades students. Middle school is a crucial time for dropout prevention and the beginning of a student's high school planning.

**Direct experience with industry creates a connection between education and future success.**

### WE NEED YOUR HELP!

**Would you be willing to host an industry tour?**

**- OR -**

**Would you be willing to guest speak at a local middle school?**

### What is Students@Work<sup>SM</sup>

- A student group will visit your facility
- An experience of a day in the life at your company
  - Tour of facility
  - Speakers/Presentation
  - Explanation of tools, equipment & programs
  - Time to observe employees in action
  - Highlight employees and operators
- We encourage you to create an interactive program for students who visit you!

### Benefits of Participation

- Reach students now to help build your future workforce
- Partner with your local school system
- Help students understand what it takes to be successful in your industry

Interested but still have questions?

**Do not hesitate to reach out and ask.**

We are here to help you plan your event and/or offer a virtual option.
